the waterbury tales

When that Junne with hys sunshyn soote
the Capitol hath dazzled to the roote
and blossoms bloome on the cherry,
then folk break in and bugge Waterbury.

A good WYF was ther, Mr. Mitchell's
owne,
wel koude she carp upon hir telephone.
the lyk to tel the papers, quote-unquote:
"Forst noon can mak myn housband a
seapegoate."
the MITCHELL was a stout and placyd
type,
ul hys he was, and suckyn on hys pype.
The Whyt Hous Horrors had not my

but all was mete to reelect Milord."

the CHAIRMAN oft wolde set hys brows

he clept hymself a Country Lawyer
nymple.
budde man or fals wolde hym mak

ten koud hym trust for used car or fryd

The BAKER was a faire and deep-voiced
boye.
Had wed of royl blood from Illinoye.
So certeynly didst Howyrd pleas the crowd.
A star was born (lyk Lancelot of Loud).

A CLERK OF LAW was too, a John of
DEANE.
He borrowed gold to wed the Maid
Maureene.
Hys memory was ful: of dates koude
answyr.
"I warned Milord," quod he, "of Creepyng
Cancyr."

The LYDDY has a mustache and byg

For kydnappys and wrytaps and tartys.²
What tale koud tel? Is thys some kind of
Nutte?
In gaol y-sits and keeps hys lippes shutte.

ULASEWICZ ther also was, forsooth,
Koud wel hide gold in any olde phone
booth.
Koud gette Hernya (shold watch hys

From so much hevvy laundry bags

The LORD he reigned in Ovl³ Ofys sphere,
Ful oft strove he to mak thyngs parfait

But wonder, though it get him legal scrapes,
He, verrailly, refus to clere The Tapyse.

A HALDEMAN ther came, a crew-cut
oon,
Foks seyde he ran the Whyt Hous lik a Hun.
But strang, whan he befor Committee satte,
So mild was he as any pussye catte.

The EHRlichman explan the word
"coverte."
(He look lyk he eat babys for desserte).
He trow, to sav the Nation from the Pynkes,
"Milord hath Rights Divine to burgl
Shrynkes."⁵

Thus spak the PATRYK GRAY, a baldyng
guye.
"Ful wel I loved to serv the FBYe.
But shame, I burnd the fyls and sore hav
synnd
And dizzy-grow from hangyn slow, slow in
the wynd."

Thys was the merrye crew, on TV eache,
And who can say if cumen in impeache?
Nor yet whych man will ansyr to what

No oon can know, at Thysse Poynt in Tyme.

¹A holy bird thought to have first been discovered
by the White Knight of Sanders. Even the sim-
plest peasants undertook frequent pilgrimages to
its shrines, hoping to bring home enough bones
for the whole family.

³Scholars disagree on exact translation. Some say
it is "Oval" (i.e., a place where you can't be cor-
nered). Others claim, "Offal" (bawdy) or "Awful,"
(rare).

⁴That is, except when he mak thyngs parfait
obscure.
